🎛️ Music producing

🎸 Guitar building

PROFILE

I quickly adapt to new technologies to achieve clear goals. My collaborative approach, honed on-site or virtually, always aims for better team results. With over 15 years of experience in the entertainment industry, I excel at creating innovative solutions under pressure, blending technical skill with creative thinking.

I would be a great fit for a company looking for a Python Developer with a unique problem-solving approach and a proven ability to deliver in collaborative team environments.
